KANSAS ORTHOPAEDIC CENTER, P.A.
PLEASE READ

As part of your care, the physician may suggest referral to Surgery Center of Kansas, Kansas Spine and Specialty Hospital, Kansas Surgery and Recovery Center or Precision Surgery Center. We want you to know that some of the physicians have an investment interest in these organizations. Should you wish, you may obtain surgery or services elsewhere. We believe, however that our investment and supervision assures the finest, most responsive care available.

Payment is due at the time of service. While the office submits insurance, the patient remains responsible and must furnish accurate insurance information.

All services rendered are charged to the patient. Necessary forms will be completed to help expedite insurance carrier payments. However, the patient is responsible for all fees (subject to carrier contractual arrangements), regardless of insurance coverage. It is also customary to pay for services when rendered unless other arrangements have been made in advance with our patient representatives.

INSURANCE AUTHORIZATION AND ASSIGNMENT; TREATMENT AUTHORIZATION; AUTHORIZATION TO RELEASE INFORMATION

I request that payment of authorized Medicare/Other insurance company benefits be made either to me or on my behalf to the above named provider(s) for any services furnished me by that provider(s). I authorize any holder of medical information about me to release to CMS and its agents any information needed to determine these benefits or the benefits payable to related services. If my care is covered by Workers' Compensation, I authorize release of medical information to my employer and/or case manager. I authorize the above named groups to release any medical information necessary to my insurance company. I authorize release of information regarding appointment dates, times and restrictions to the patient's school as requested.

I understand my signature requests that payment be made and authorized release of medical information necessary to pay the claim. If item 9 of the CMS-1500 claim form is completed, my signature authorizes releasing of the information to the insurer or agency shown. In Medicare/Other Insurance company assigned cases, provider(s) agrees to accept the charge determination of the Medicare/Other insurance company as the full charge, and the patient is responsible only for the deductible, coinsurance, and non-covered services. Coinsurance and the deductible are based upon the charge determination of the Medicare/Other insurance company.

In the event that a health care worker is suspected to have been exposed to my blood or body fluids or in the event that my illness requires such care that health care worker exposure to my blood and body fluids is likely, I consent to have the above provider(s) determine by serological testing whether or not my blood contained contagious viruses. I understand the information obtained from such tests will only be exposed as necessary to adequately protect my own health and the health of my family as well as the health care personnel who may become involved in my treatment, except as otherwise required by law. (see KSA 65-6002 (a).

I hearby consent to treatment by the above provider(s) and certify that no guarantee/assurance has been made regarding results.
